TECHNICAL DATA SHEET

CLOUD 9 - BREAK

PRODUCT CODE: VSS230

CLOUD 9—BREAK is our laundry builder or also known as the "pick". This product is designed for use with our 5 product system. The pH level is raised in the wash cycle which helps suspend stains from the fabric (or pick them from the fabric). VSS230 allows the detergent to work more efficiently in the suds operation of the wash. Performs best when paired with VSS240 Cloud 9 - Detergent. If harder water conditions are present we recommend using this with our 5 product system.

DIRECTIONS FOR USE:

Caustic formula; should pump directly from its shipping container into the laundry cycle. VSS representative will set levels appropriately with water conditions.

PRODUCT CHARACTERISTICS

Color: Clear	Specific Gravity: 1.4—1.5
Form: Liquid	Package Size: 2x2.5 Gallon Box
Odor: Mild	5 Gallon Pail
pH: 14.00	15 Gallon Drum
