TECHNICAL DATA SHEET

CLOUD 9 - SOFTENER

PRODUCT CODE: VSS270

CLOUD 9—SOFTENER is formulated to soften fabric as well as reduce static cling. It is important to set your dilution levels appropriately; if levels are set to low you can have static cling and coarse linens. If levels are too high that can cause discoloring of fabric and also cause water repellency. Talk with a VSS representative to set the appropriate level of softener depending on your applications.

DIRECTIONS FOR USE:

Dilution levels will vary depending on linens you are washing. A VSS representative will set the appropriate levels with each formula/application being washed. I.e: Towel Formula's usually have additional softener added; where your rags/mops etc. would not contain any or very little if necessary.

PRODUCT CHARACTERISTICS

Color: White	Specific Gravity: 0.98—1.00
Form: Liquid	Package Size: 2x2.5 Gallon Box
Odor: Mild	5 Gallon Pail
pH: Neutral	15 Gallon Drum

INDUSTRY APPLICATIONS

- ◆ 5 Star Hotels
- ◆ Extended Stay
- ◆ Resorts
- ◆ Motels
- ◆ Nursing Homes/Assisted Living
- ◆ Healthcare
- ◆ Schools

ENVIRONMENT CORNER:

Cloud 9 Products are manufactured with materials found on the Safer Chemical Ingredient List and are:

- ◆ Phosphate Free
- ◆ Nonylphenol/NPE Free
- ◆ Biodegradable
- ◆ Recyclable Packaging

KEEP OUT OF REACH OF CHILDREN

See SDS for additional product and first aid information.
